

For everyone that has been patiently waiting, here it is. The rules for the 2010 California Look Challenge. The rules have been relaxed to bring in more participation. If you had a car that has participated in the past CLC Events it will still be legal. Keep in mind that the changes in rules for unlimited displacement and the addition of Fuel Injection is to bring out more participation and although that someone may bring out a 4 inch bore engine all the additional case welding, sheet metal fabrication and engine compartment modification will be heavily judged.

BUGPACK Products Presents
The Cal Look Challenge 2010

This class is for California look style Volkswagen sedans (type 1 & 3). It is a class for show quality, quick, street legal cars that don't want to enter in the normal show and/or race classes. This class will be run at 5 BUGORAMA events (Phoenix BUGORAMA, Spring and Fall Sacramento BUGORAMA's , Las Vegas BUGORAMA and BUGORAMA So Cal in Fontana). The cars will be judged and given a show score and then they will make at least 2 complete passes and their times will be input into a scoring program that will give a final score. We will have awards for 1st place show, quickest et., and overall winner. 50% of the total score is based upon show appearance 50% is based upon ET. There must be a minimum of 4 cars in attendance to run this class.

The Rules

1. All cars will be inspected by the judge(s) to make sure it meets the class requirements.
2. All cars must pass the track's tech inspection before making a pass and have filled out a racers tech card.
